

QUESTION BANK - MODULE 1

Course: BCS402 - Microcontrollers

Module Title: ARM Architecture and Embedded Systems

Course Outcome: CO1: Explain ARM Architectural features and Instructions.

Q.No	Question	Marks	CO	RBT Level
1	Explain ARM architecture with neat diagram.	7	CO1	L2
2	Explain ARM design philosophy and RISC principles.	7	CO1	L2
3	Explain ARM register set and banked registers.	6	CO1	L2
4	Explain ARM7 pipeline architecture.	6	CO1	L2
5	Explain CPSR and SPSR in detail.	7	CO1	L2
6	Differentiate Microprocessor and Microcontroller.	5	CO1	L2
7	Explain embedded system hardware architecture.	5	CO1	L1
8	Explain exceptions and interrupt handling in ARM.	7	CO1	L3
9	Explain RISC vs CISC architecture.	5	CO1	L2
10	Explain embedded system software structure.	10	CO1	L3
